NOTES/CLARIFICATIONS:

- REI is **BOUND** to the Southern CA Laborers Union Master Labor Agreement, which applies to Laborer, Asbestos/Lead Abatement, and their respective foreman at $2.00/hr extra. Payroll tax charges apply to base rate and vacation pay, as fringes are paid to the union and not to the employee, and the vacation pay is held in trust but taxable income. Workers Compensation applies to base wage only (and remains the same for OT & DT). REI is not signatory to Northern CA at this time. As such, Southern CA wages apply for Laborer, Asbestos/Lead Abatement, and their respective foreman.
- REI is **NOT BOUND** to the Operating Engineers Union MLA. For Operating Engineers, payroll tax and workers compensation apply to the total straight hourly rate, since the fringes are paid in cash to the employee. Workers Compensation is charged to base rate only, except for Operating Engineers, where it applies to ST base rate + fringe benefits (and remains the same for OT & DT).
